दिनांक /Nagpur, dated 16th Oct, 2018

To,

All High Explosives manufacturers (Except SME and Fireworks)

Sub: Implementation of "System for Explosives Tracking and Tracing (SETT)" –
 Regarding meetings with explosives manufactures and LE-3 licence holders

Sir,

This has reference to the meeting held with high explosives manufacturers and LE-3 licence holders on 12/10/2018 in the office of Chief Controller of Explosives, Nagpur on the subject matter.

It is noticed in the meeting that all the explosives manufacturers are ready for on-boarding into the first phase implementation (Dec, 2018) of the SETT. As the explosives manufacturers are aware that the second phase implementation of SETT (Level 2 Bar-coding) is due in April, 2019 and re-engineering is to be required in process plants for printing of level 2 barcodes.

All the explosives manufacturers are advised to take necessary steps for re-engineering of their process plants so that they may on-board into second phase implementation of SETT.

Yours faithfully,

 (M K Jhala)

Jt. Chief Controller of Explosives
 for Chief Controller of Explosives
