CIRCULAR ON "SETT" MEETING

To,

All Explosives Manufacturers *other than SME & ANFO manufacturers*

Sub: Implementation of "System for Explosives Tracking and Tracing (SETT)"

- Demo of Web Based Online SETT Module and Mobile App for Barcode Scanning to all Explosives Manufacturers' - Reg.

Sir(s),

Please refer to this office circular of even No. dated 5th February, 2018, requesting all the explosives manufacturers to submit data through web module for the standardization process towards implementation of "System for Explosives Tracking and Tracing (SETT)".

1. Now, PESO & NIC have completed the analysis, codification and standardisation of the data submitted by all Explosives Manufacturers in respect of the following:
 - a) Standardization of every explosives manufacturer, factory location, every manufacturing building and machine.
 - b) Standardization of all physical, characteristic and performance parameters of every authorized explosive.
 - c) Standardization of packing patterns of every authorized explosive

The aforesaid codified & allocated standardized data in respect of every Explosives Manufacturer will be shared through their respective login in the Explosives Returns System (ERS). All Explosives Manufacturers will have access to their codified & allocated standardized data on 22nd June 2018 following the path:

ERS → <http://117.239.184.46/ERS> → After Login → User Profile → SETT Standardization Details.

2. Your attention is also invited to the meeting on "System for Explosives Tracking and Tracing (SETT)" held on 5th May, 2017 with all explosives manufacturers in the office of Chief Controller of Explosives, Nagpur deliberating on 2-D Barcode designed by the Core Committee.

Now the development of Web Based Online SETT Module and Proto Type Mobile App for Barcode Scanning has been completed by NIC and M/s. Microsoft.

It is proposed to conduct a meeting with the Explosives Manufacturers on 6th July, 2018 at 10.00 am (Friday – Whole Day) with the following agenda:

Meeting Agenda:

- a) Sharing of codified & allocated standardized data with respect to every explosives manufacturer.
- b) Demo on Web Based Online SETT Module.
- c) Sharing of Proto Type Mobile App for Barcode Scanning, to be used for accepting, dispatching & using explosives while generating the connected Online Returns.
- d) Manufacturing process re-engineering to be carried out by every explosives manufacturer to switch over to SETT Module.

All the Explosives Manufacturers [other than SME & ANFO manufacturers] are requested to make it convenient to attend the meeting along with their IT person, without fail.

Venue: PESO's Conference Hall,
1st Floor, C-Block, CGO Complex, Seminary Hills, Nagpur: 440 006

Date & Time: 6th July, 2018 at 10.00 AM

Importance points to be noted:

- Participation in the said meeting is important for every explosives manufacturer, so as to understand the SETT implementation methodology and to get their manufacturing plant(s) re-engineered for smooth switching from Explosives Returns Systems (ERS) to System for Explosives Tracking & Tracing (SETT).
- Further, bringing your IT person who is conversant with the ERS is essential, so as to understand the concept and methodology of SETT and to make necessary modifications in your IT system.
- The meeting is scheduled for the **WHOLE DAY** starting from 10.00 AM.

A line of confirmation on your participation with the names and other details of the person(s) attending the meeting shall be mailed at ndgawade@explosives.gov.in on or before 29th June, 2018.

Yours faithfully,

(N.T. Shahu)

Chief Controller of Explosives
